LOOKING AFTER OUR SCHOOL COMMUNITY

⇒ Your safety is important to us ⇒

We are proud to have life-saving equipment in school to help **keep our pupils, staff and visitors safe.**

ALL OF THE FOLLOWING ITEMS ARE KEPT IN THE SCHOOL OFFICE

DEFIBRILLATOR

Kindly provided
by our PTA

Our defibrillator is kept
in the school office.

It can be used in an
emergency if someone
is unresponsive and
not breathing normally.

Early use of a defibrillator
can make a vital difference
and save a life.

EMERGENCY ADRENALINE BOX

In response to
Benedict's Law

We have an emergency
adrenaline box with
adrenaline pens in
the school office.

This is for use in
severe allergic
reactions.

Quick access to adrenaline
can be lifesaving in the
event of a severe allergy.

LIFEVAC KIT

Invested in through
the Oliver Steeper
Foundation

We have a LifeVac kit
in the school office.

LifeVac is a choking
rescue device
designed to help
clear airway
obstructions in
an emergency.

It is easy to use
and could save a life.

Preparedness helps us act
quickly and confidently in
a choking emergency.

Having the right equipment, ready and close by,
helps us to be prepared and give the best possible
chance of a positive outcome in an emergency.

Thank you to our PTA and partners for helping to support the health and safety of our school community.
